Childcare for children,
Childcare for you!

Children's acceptable use of ICT agreement

For children aged 5 to 11 attending Holiday Club. *A grown up will read and explain this agreement with me before I sign it.*

My promises

- I will only use Smiley Happy People devices, such as tablets, laptops and cameras, when a grown up says I can. I will not use my own phone, tablet, smart watch or other device.
- I will use ICT for the learning activities a grownup has agreed. A grown up will always supervise me.
- I will only use the websites, games and apps a grownup has checked and said are safe for me. I will ask before downloading anything.
- I will handle equipment carefully and tell a grown up if it is damaged or not working.
- I will stop when a grown up asks me to and take breaks. Mealtimes are screen free.
- I will ask a grown up before taking a photo or video and ask the person's permission too.
- I will not put photos, videos or information about Smiley Happy People, its children or staff on the internet.
- I will not share private information, such as my address or phone number, online. I will tell a grown up if someone I do not know tries to talk to me through a game or online.
- I will be kind when using ICT. If I see or hear anything that worries or upsets me, or think someone is using ICT unsafely, I will tell a grown up straight away.
- The grownups will help me use ICT safely. If I forget these rules, they will explain them again to me and my parent or carer. If someone's safety is at risk, staff will follow the safeguarding procedure.
- I have talked about these rules with a grown up and understand how to use ICT safely.

Child's name: _____

Child's signature or mark: _____ Date: _____
